For the first time with a brand new three-year rotating curriculum, OMI presents the neurology seminar in Mexico with a new concept. The seminar joins two renowned institutions of both the USA and Austria for a three-day course in Mexico based on what you cannot miss as a neurology professional.

The seminar is held over three days in Mexico City and provides lectures, discussions, and round table talks.

October 13-15, 2025

Conferencia Interamericana de Seguridad Social (CISS)  
Mexico City, Mexico

Neurologists and residents in  
Neurology

# NEUROLOGY

The OMI MEX Neurology curriculum starting in 2025 will cover:

- Vascular
- Epilepsy
- Movement
- Peripheral Nerve
- Neuro-Ophthalmology

Designed for neurology professionals and residents in neurology, this seminar will provide state-of-the-art knowledge and years of background experience in the USA and Europe, focused mainly on the areas above.

Participants must speak English comfortably. Attendance is mandatory for the entire course. Fellowships cover course materials, certificates, and meals. Accommodation and travel are covered for all Latin American fellows except those from Mexico.

**APPLY BY  
SEPTEMBER 15, 2025**
